

Government of the District of Columbia

ZONING COMMISSION

Application No. 14896 of James Ellis, pursuant to 11 DCMR 3107.2, for a variance from the requirements [Paragraph 2300.2(a)] that an accessory garage, if located beside the main building, provide the required eight foot side yard and be removed from all building lines a distance of ten feet, and a variance from the provision that an addition shall not increase any existing nonconforming aspect of the structure [Paragraph 2001.3(c)] for a proposed addition to an existing single-family dwelling in an R-1-A District at premises 2202 Foxboro Place, N.W., (Square 1341, Lot 38).

HEARING DATE: November 16, 1988
DECISION DATE: November 16, 1988 (Bench Decision)

SUMMARY ORDER

The Board duly provided timely notice of the public hearing on this application, by publication in the D.C. Register, and by mail to ANC 3D and to owners of property within 200 feet of the site.

The site of the application is located in Advisory Neighborhood Commission ("ANC") 3D. ANC 3D, which is automatically a party to the application, by letter dated October 29, 1988, submitted a statement of issues and concerns in support of the application.

As directed by 11 DCMR 3324.2, the Board has required the applicant to satisfy the burden of proving the elements which are necessary to establish the case for a variance from the strict application of the requirements of 11 DCMR 2300.2(a) and 2001.3(c). No person or entity appeared at the public hearing in opposition to the application or otherwise requested to participate as a party in opposition to this proceeding. Accordingly, a decision by the Board to grant this application would not be adverse to any party.

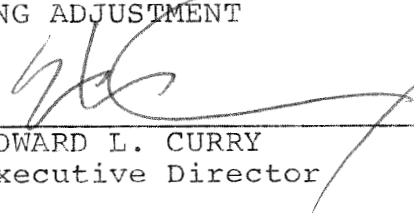

Based upon the record before the Board, the Board concludes that the applicant has met the burden of proof, pursuant to 11 DCMR 3107, and that the requested relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and maps. It is therefore ORDERED that the application is GRANTED.

Pursuant to 11 DCMR 3301.1, the Board has determined to waive the requirement of 11 DCMR 3331.3 that the order of the Board be accompanied by findings of fact and conclusions of law. The waiver will not prejudice the rights of any party, and is not prohibited by law.

VOTE: 4-0 (Paula Jewell, William McIntosh and Charles R. Norris to grant; Carrie L. Thornhill to grant by proxy; Lloyd Smith not present, not voting).
